

Authenticity certificate CUPA PIZARRAS

The Company CUPA PIZARRAS S.A. certifies that the slate **CUPA 2**, in operation since 1972, meets the requirements of **European Standard EN 12326-1** and the **quality label NF Mark specifications** controlled by LNE (Laboratoire National de Métrologie et d'Essais in France).

CUPA PIZARRAS quality system meets the ISO 9001:2008 requirements and guarantees the quality control of its products throughout the whole manufacturing process.

CUPA PIZARRAS **gives a warranty of 30 years** against any imperfection that may affect the slate roof impermeability as long as the roof has been laid according to the European Standards ISO EN 22190-3.

This warranty begins from the delivery date of the products (delivery date document or invoice). During those **thirty** years, the Company CUPA PIZARRAS undertakes to supply those slate tiles designed to replace the defective ones that could compromise the waterproofing of the roof. Any other type of compensation is excluded in this limited warranty.
